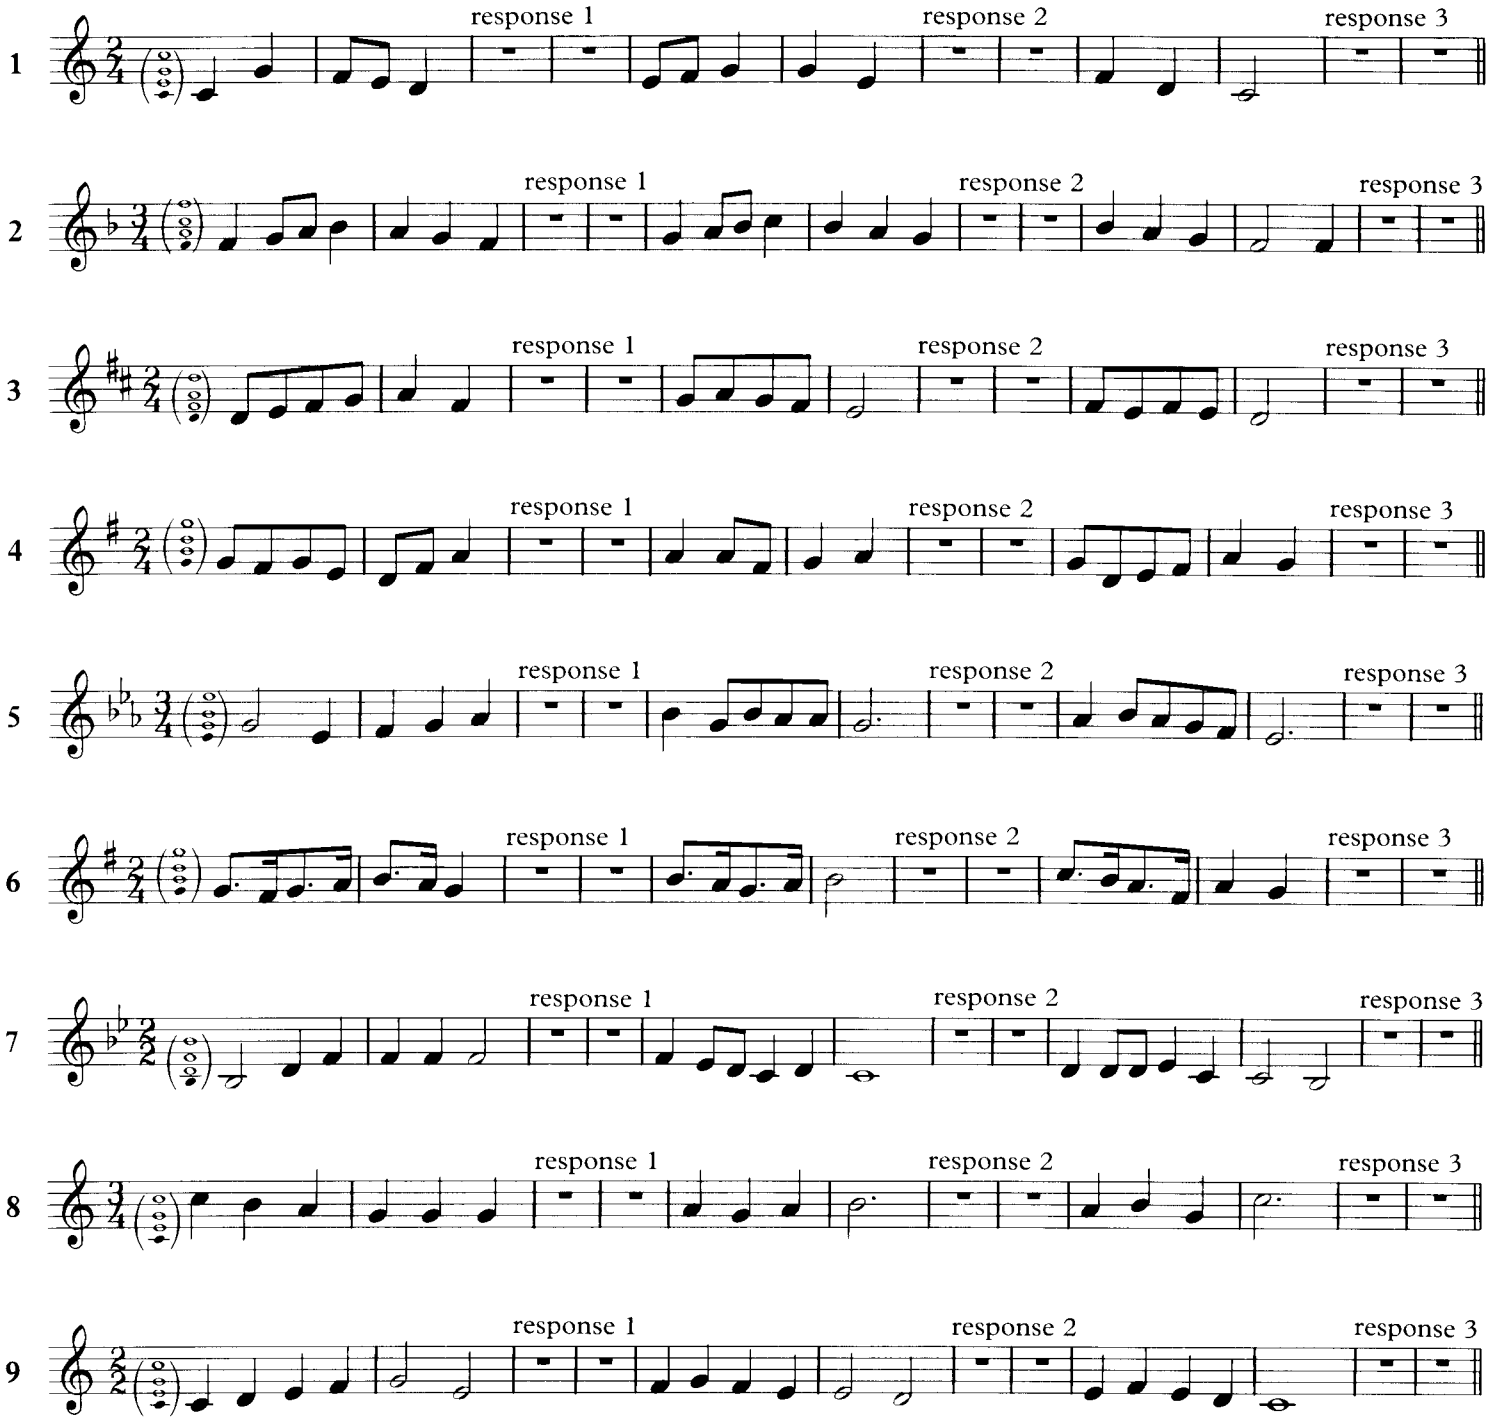
PRACTICE TESTS

The first five of the following tests use the examples on the previous page as the opening phrase, but continue after the echo with a second and third phrase, as will be the case in the examinations.


As in Grade 1, introduce each test by saying: 'I shall play three short phrases. After I play each phrase, I want you to sing it like an echo and in time. Here is the key-chord .... and the tonic .... Here is the pulse .... ' Note that the tests in Grade 2 do not always start on the tonic, as was the case in Grade 1.
